

STEM IN THE SHADOWS

Friday, Oct. 24 | 4–8 p.m. | S&T Haunted Mine

Join the Kummer Center for STEM Education and S&T's Haunted Mine for a one-night-only mashup of spooky fun and shocking science. Enjoy creepy-cool experiments, spine-tingling demos and other hands-on activities. Then, as the lights flicker and your curiosity peaks, head into the Haunted Mine — free admission for all participating K–12 students. It's part curiosity, part chaos — and 100% fun.

Two Terror Levels

4–6 p.m. Lights-on mode

Perfect for younger explorers! Enjoy a less scary mine tour with lights on and friendly (non-scary) actors.

6–8 p.m. All scares on!

Ready for real frights? Take the full Haunted Mine experience with all the chills and thrills!

Do you dare to discover where science and scares collide?

Important Details:

- FREE for K-12 students who participate in STEM activities
- Adults and non-participating students pay regular admission
- Haunted Mine opens to the public at normal time
- Bring canned goods to support our community!

The Experimental Mine is located at 12350 Private Drive 7002 in Rolla, just off Bridge School Road.
